SCENARIOS:

- 1) Demonstrate an emergency situation where a client needs an immediate risk assessment during a session and what the therapist should do, including contacting emergency contacts.

- 2) Demonstrate an initial meeting session, including going over informed consent and how to get paperwork signed.

- 3) Demonstrate a group therapy session where the Zoom whiteboard is used as part of interaction.

- 4) Demonstrate how to walk through the *Behavioral Telehealth Session Checklist* from the Toolbox without reading off the checklist. Cover all areas through a fluid conversation.

- 5) Create a mock technical difficulty with the videoconferencing platform and demonstrate how a therapist can walk/talk a client through problem solving.
